A MESSAGE FROM THE TENNESSEE SHORTHORN BREEDERS ASSOCIATION

The proud young man on the cover of this catalog is Eldon Burgess, Gordonsville, Tennessee. The smooth, thick, steer is the Shorthorn that he exhibited to the grand championship at the 1949 Nashville Fat Stock Show over 658 entries of all breeds. The Shorthorn fraternity is mighty proud of this capable young cattleman and the winnings he achieved. This steer is an example of the modern type that is being achieved by Shorthorn breeders, and by consignors to this sale, as this steer was bred at Indian Creek Farm and sired by the sire of their entries.

It is important for practical cattlemen to remember, that Shorthorn and Polled Shorthorn breeders in striving for the modern type, have not lost sight of the necessity to retain in their breed essentials that have made them popular with practical cattlemen everywhere. . . weight for age, ability to gain easily on grass, and the ability of the Shorthorn cow to give plenty of milk to raise a healthy calf. The demand for Shorthorns in the South is tremendous. We need more purebred Shorthorn and Polled Shorthorn herds to meet this demand. This sale affords an excellent opportunity to found such a herd.

BETTIE CHARM - This roan heifer was bred June 27, 1949 to Silver King. Will be close to calving time by sale day. Will make someone a nice cow. Look her over.

You will notice that much of the breeding in this sale comes from the famous Otis A. Carter & Son herd. Here are a few of the cows and calves from that herd. Wouldn't you like to have cattle like this in your pasture? Selections from this offering can give you a good start in the Shorthorn business.

FANCY ROSE - A beautiful red heifer carrying the finest of Edellyn breeding.

Standard Guarantee
of
American Shorthorn Breeders' Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.
